## ABORTION PILL REVERSAL

No woman should feel forced to complete an abortion when she has a change of heart.

There is an aggressive push by the abortion industry toward the "abortion pill." Stanton offers the critical, life-saving option of **Abortion Pill Reversal** to moms who feel the sting of regret after taking the first abortion pill.

**So far, five Stanton Babies have been rescued from chemical abortions!**

# HISTORY MADE!

## THE FIRST MARCH FOR LIFE WITHOUT ROE AS THE LAW OF THE LAND!

Our Stanton Moms were excited to travel with their children to participate in the March for Life in Washington, DC. Seeing thousands of people at the first post-Roe march gave them fresh eyes to see the vast community of support that exists for women facing unexpected pregnancies!

In Idaho, a large group of Stanton "purple sashers" also marched to the Idaho Capitol for a rally to celebrate the end of Roe and continue the fight to end abortion, and make abortion unthinkable, across the nation.

## STANTON MOMS LAUNCH NATIONAL #NOTFAKETOME CAMPAIGN

Stanton Moms led the launch of our national #NotFakeToMe campaign in response to pro-abortion politicians such as Senator Elizabeth Warren who claimed life-affirming centers are "fake clinics" and "torture pregnant people." Our Stanton Moms and Stanton "Baby" Paolina read their heartfelt letters at Senator Warren's office detailing the HOPE and help they found at Stanton Healthcare.

*"I am here because of Stanton. I am 14 years old, striving for A's in school, and working hard to get on my school's varsity softball team. My career goal is to become an attorney. I'm shooting for the stars, and I won't stop until I achieve my goals." - Stanton "Baby" Paolina*

## STANTON LAWMAKERS SYMPOSIUM AT IDAHO STATE CAPITOL

In February, we held our first annual Stanton Lawmakers Symposium and it was a great success. In attendance were state lawmakers, local mayors, the staff of our U.S. Congressional delegation, pastors, pro-life leaders, and our guest speaker, U.S. Congressman Russ Fulcher.

Most importantly, our Stanton Moms and their babies were there to share their first-hand experiences of finding help and hope at Stanton Healthcare when faced with an unexpected pregnancy.

KTVB Channel 7 interviewed one of these brave women, and her powerful story was featured in their 208 news segment.
